Archaeological Textiles Review
is a specialized research-based journal focusing on
archaeological textiles.

It is a once-yearly publication for professionals
and amateurs interested in this subject.

It is published by the Society Friends of
the Archaeological Textiles Newsletter.

Started in 1985 as an information service it has since
become an important journal for publication of

scientific articles • quires • reviews • resources
conference announcements • events

The readers of the ATR are also the contributors thus
making it as an active tool of communication
